

BRING YOUR JOURNEY TO LIFE

A guide to turning moments from the game into shared experiences.

Prepare these bonus experiences before game night, then bring them to life as their matching moments appear during the game.

BOARDING PASSES

Personalize and print a boarding pass for each player before the game begins.

BAGUETTE & CHEESE

Before the game, buy a fresh baguette and Brie cheese from the grocery store.

The regular deck includes these as two separate Experiences:

Watch How French Baguettes Are Made and *Take a Brie Cheese Factory Tour*.

Replace those two cards with the included **Bundle & Save** card.

When players draw it, bring out the baguette and Brie.

SETUP TIP

Before the game begins, place any featured Experience or Along the Way cards near the top of their deck in the order you'd like them to appear.

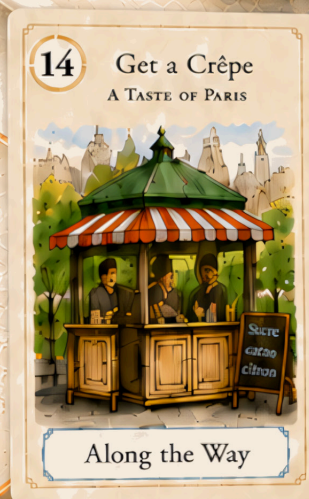

FRENCH DESSERTS

Indulge in classic French desserts along the way.

Use the two designated *Along the Way* cards included with your Companion Guide download.

Before game night, prepare these desserts. Frozen macarons and crêpes are available at many grocery stores, or make your own.

FAMILY CARICATURE

Bring the street artists of Paris to your game with a personalized family caricature.

See the included *AI Caricature Prompt PDF* for step-by-step instructions.

HOST'S TIP

If doing **French Desserts**, keep them out of sight until the matching card appears. If someone isn't playing, have them bring the treats to the table as if they were serving guests at a **Paris** café.

BRING HOME A SOUVENIR

Choose a small France-themed souvenir for each player ahead of time. Give everyone an extra **2€** at the beginning of the game to purchase it near the end.

A FEW FINAL TOUCHES

VACATION PHOTO

Before your journey begins, gather everyone for a vacation photo. Later, add a favorite French landmark or backdrop to create a fun keepsake from your trip.

FRENCH CAFÉ MUSIC

Add a French café playlist to your game night.

CAFÉ BREAK

Enjoy French sparkling cider and cheese when the *Relax at a Charming Café* card appears.
