BEFORE YOU PRINT

Do a test page first

Before printing the full game, print one test page to check:

- ✓ color
- ✓ sizing
- ✓ front/back alignment
- ✓ double-sided printing setup

★ *Print the included Test Page PDF first.* ★

IMPORTANT PRINT SETTING

Before printing any game pieces, make sure:

“ACTUAL SIZE” IS SELECTED

Page Sizing & Handling ⓘ

Size	Poster	Multiple	Booklet
------	--------	----------	---------

☐ Fit ☒ Actual size ☐ Shrink oversized pages ☐ Custom Scale: 100 %

☐ Choose paper source by PDF page size

Do NOT use:

- ✗ Fit
- ✗ Shrink oversized pages

Printing at the wrong scale can make cards smaller and harder to read.

PAPER RECOMMENDATION

Most of the game is printed on matte cardstock. Any quality, matte cardstock will work, but the options below have consistently produced excellent color, durability, and print quality during testing.

Recommended options:

- HP Professional Business Paper, Matte, 8.5 x 11 in, 48 lb (CH016A)
- Epson Premium Presentation Paper for Inkjet Printers–Matte, (S041568)

PRINT IN THIS ORDER

The next three steps are printed on **plain paper**.

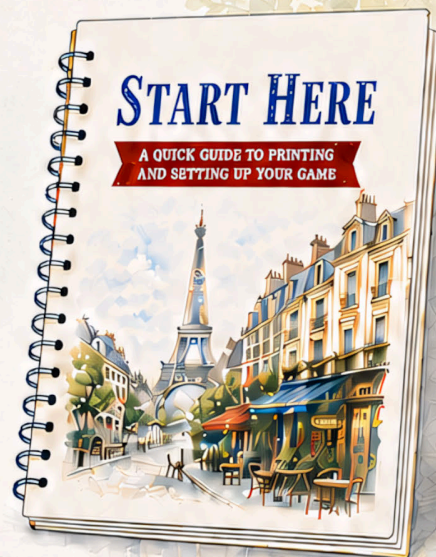

Once those are complete, you'll continue with the matte cardstock components on the next page.

Printing in this order helps you confirm your printer settings before using cardstock.
